

Register to Vote & Update Your Driver's License or State ID ONLINE!

You can now update your voter registration address online when you update your address or renew your Texas driver's license/state ID card online with the Department of Public Safety (DPS).

1. Have your Texas driver's license or state ID on hand. You'll need information from it.
2. Which do you need to do?
 - a. Update the address on your driver's license/state ID? Go to: <https://txapps.texas.gov/tolapp/txdl/>
 - b. Renew your driver's license or state ID card? Go to: <https://www.dps.texas.gov/driverlicense/renewal.htm>
3. Heads up: You will be asked to deactivate your ID in order to request a new one and obtain a temporary ID online.
4. Once you fill out your driver's license or state ID info and your new address, you will be given an option to "Request a voter registration application" by answering the question "Would you like to register to vote?" Click "Yes."
5. On the same page, you will also be asked to "acknowledge that the Texas Department of Public Safety will send the electronic signature captured during [your] last Driver License office visit to the Secretary of State Department for voter registration." Check the box.
6. Your next selection (on that same page) depends on whether you're currently registered to vote:
 - a. New Application - If you're not currently registered to vote in Texas (or if you may not be)
 - b. Change of Address - If you were registered to vote in Texas before but need to update your address.
7. Once you have completed all the steps, you will be asked where you would like to send a receipt for the transaction. After typing in your email address you may click "Send Email" or "Print Receipt." Hang onto this receipt and in a couple of days confirm whether you are registered to vote at: <https://teamrv-mvp.sos.texas.gov/MVP/mvp.do>.
